Jasperactive lesson 3 answers
Continue

Limitations
- Insufficient for measuring factual materials because they call for extensive details.
- Difficult and unreliable scoring.

(Gronlund, N. 1985) Measurement and Evaluation in Teaching 5th edition. Pp213-214)

Lesson 3 Word - Manage Tables and Lists Certiport has Learning Products and Practice Tests Preparing your students for certification is a big responsibility! Certiport makes your job easier and more effective with acclaimed course materials and practice tests that map perfectly to Certiport's Official Industry Recognized Certifications. We want to give you and your students an opportunity to try out our learning resources to find the best fit for you. Click the links below to request your free 90-day learning products trial! The best preparation for Certiport's certification exams includes the use of official practice tests from GMetrix.   Students will feel confident once they have taken multiple practice tests in both training mode (not timed, immediate feedback given after each question) and in testing mode (timed, replicates the certification exam environment). Students receive a printable score report highlighting areas that require further review. Teachers enjoy the online administration and tracking tool of the GMetrix platform and the ability to create custom tests using the GMetrix test bank. LearnKey is a premier global provider of on-demand education and employability training solutions. With over 30 years of experience, LearnKey offers engaging, interactive, and flexible training mapped to industry certifications on the GMetrix platform. Each online course includes video-based training, interactive labs, assessments, and a digital student workbook with additional projects, activities, and a glossary of key terms to help reinforce learning. LearnKey has courseware for Microsoft Office Specialist (2016 and 365/2019), Microsoft Technology Associate, Adobe Certified Associate (CC 2015 and CC 2018/2019/2020), IC3 Digital Literacy, IC3 Spark, Entrepreneurship and Small Business, QuickBooks Certified User, Autodesk ACU (AutoCAD, Revit, and Inventor), Communication Skills for Business, and CompTIA (IT Fundamentals, A+, Network+, and Security+). Click here to request a free 90-day LearnKey trial. Jasperactive by CCI Learning is a cutting-edge learning system that teaches learners various fundamental skills in technology, such as basics of using computers and the internet, business accounting, and using the Microsoft Office suite of applications. The purpose of Jasperactive is to give learners a tool applicable to all learning styles that can be accessed anywhere and provides the freedom to learn at any pace. Jasperactive offers a benchmark assessment to gauge the prior knowledge of the learner. Based on those results, the platform creates an abundance of lessons, quizzes, and other exercises that teach what they do not know so that they do not waste time and energy repeating what they already know how to do. Includes GMetrix practice tests! Available in English and Spanish. Once the Jasperactive courses have been completed, the learner will be well equipped to earn their certification in that area. *IC3 GS6 will be available in April 2021 and will be included in the trial at that point. BrainBuffet provides fun and engaging video-based tutorials for Adobe Creative Cloud and Microsoft products. Content-rich, real world projects allow students to train by practicing using the software. Self-paced learning allows students to learn at their own rate to ensure they fully grasp the concepts and gain the skills necessary to pass the certification exams. *The BrainBuffet trial offer is limited to 100 students per teacher The MSI (Moore Solutions Inc) cloud-based and in-application courseware aligns with current certification exam objectives. Students are assessed every step of the way for comprehensive certification exam preparation. Grades can be exported from the LMS (Learning Management System) into your school district or institution-grade book. The curriculum lives in the cloud, so students can work from home, even if they don't have the application software on their home computers. The MSI Courseware add-in for MOS and Adobe is now available In addition to being able to complete lessons in a web-based simulated environment requiring no student computer downloads or software, students will also have the option to complete their lessons inside the Microsoft Application and Live Adobe Creative Cloud software. Read along enabledInteractive Knowledge ChecksPre and Post Assessments before and after each chapterDownloadable and printable textbook pagesSingle Sign-On Available (SSO) The MSI trial will include access to Microsoft Office Specialist (Word/Excel/PowerPoint) courses, Adobe Certified Associate (CC19/20), IC3 GS5 Digital Literacy, IC3 Spark, and Entrepreneurship Small Business. Click here to request a free 90-day MSI trial. Pearson offers world-class certification prep content online on the GMetrix platform. New, foundation-level courses based on the popular Adobe Press "Learn Adobe" series are designed specifically for ACA test preparation. Includes text, video, quizzes, and full instructor resources. The MSI Courseware add-in for MOS and Adobe is now available In addition to being able to complete lessons in a web-based simulated environment requiring no student computer downloads or software, students with no previous experience on the topic. Pearson courses on GMetrix are available for Adobe Certified Associate (InDesign, Animate, Illustrator, Photoshop, and Premier Pro CC18) and for Microsoft Technology Associate (Intro to Programming using Python/HTML & CSS/Java). Click here to request a free 90-day Pearson trial. TeachMe3D is a complete training tool developed by educators to teach AutoCAD, Inventor, Revit Architecture, Fusion 360, and SolidWorks. TeachMe3D offers a unique platform for teachers that has been proven to engage students and encourage retention. Courses seamlessly integrate with existing curriculum and allow teachers to focus on giving personalized attention to students. Courses are available for both middle and high school students, the high school Autodesk courses align completely to the ACU certification exam objectives. Each lesson is broken into three parts: 1. Lecture - video instruction and concept understanding 2. Demonstration - skill development through completion of hands-on, guided tasks 3. Activity - concept and skill reinforcement through independent activities CADLearning offers the most comprehensive library of Autodesk learning content in the world. Goal-based learning paths are available for all Autodesk Certified User and Autodesk Certified Professional programs. Lessons are atomized to focus on just one concept or feature per video, providing digestible microlearning that is immediately actionable, leading to better knowledge retention. Includes a software plug-in with contextual lesson suggestions as you work in the Autodesk program. Includes access to weekly office hours with CADLearning staff for teacher questions and answers. *CADLearning will be fulfilled once a week. Please wait 5 business days to receive your free trial. The Unity Certified User courseware, developed by Unity and published on the GMetrix platform, provides a structured, self-study program that includes everything a student would need to tackle the Unity Certified User Programming exam. In about 20 hours, students will learn the Unity platform, C# programming and game development fundamentals by following the hands-on production of multiple working projects in both 2D and 3D including: 12 video-based modules with accompanying text references for key concepts3 distinct, complete projects with associated assets to complete in the Unity EditorEmbedded challenges and quizzes to reinforce learning Code Avengers is a premium provider of online interactive learn-by-doing courses for grades K-14. These self-directed courses will guide students step-by-step as they create tangible games, programs, web pages and web apps all within their web browser. Junior courses (K-7) are designed with iPads and tablets in mind! Teachers can view student progress in real time and have the ability to view auto-graded results of student performance anywhere and at any time. In addition, there is a suite of other tools that support both in-person and online classes. During the 90-day trial, you will have access to: 200+ hours of online course contentAccess to 100+ quizzes and projectsOnline support and consultation © 2021 All rights reserved. Certiport, a business of NCS Pearson, Inc.
