Night-Bug: dee, your paper boat really makes emotions from top to bottom when reading it. I've never read a novel that can cause emotions like this. really a very nice job to enjoy. continue working. yes. make another light story but full of emotions like this. deeah surya: the beginning of reading the first part I felt that this was not very dee. because the language of the styles abg. or maybe because the characters who just graduated from high school, huh? read like this, just sure it's dee writing. language is full of meaning and contains. Then it is an exciting reading. Not bad if dee is really the most favorite writer. Astra-Sima: paper ... / converted into a boat ... / paper boat ... / flowing quiet and moving ... / makes you think and wonderfully rhythmic ... / your paper boat will not be bistered by the flow of water. dee / always there. hit ... etc:ia: 1 word but many reasons for this story = inspiring, helping me understand and stop running, while learning to let him go. [these comments are taken from the blog "journal of a 55 days novel," for those who move to make a sound, pass by www.dee-55days.blogspot.com] xii 1. the road that turns amsterdam. June 1999 ... there is no reason to leave amsterdam in the summer. This is the best time to visit leidsplein and dam square while enjoying the sun, which is an annual paradise for the citizens of the city. still wants to sit on the beach of blomendahl armed with canvas and painting tools, or enjoy nrião yuhnhug1 in one of the cafes in 9 straaties from morning to night with so sketch books, as he emptied the last line of his book from a shelf hanging by the bed, the same question in the last week in his head: my age only walked eighteen years, butWhat did I feel too tired for all this? The door behind his back Pelan. NeeZ, Keenan, Jangan bebani kopermu dengan buku. Biar Oma yang kirim semua bukumu ke Jakarta." 1 2 Kopi suu atau café latte. Tidak. 1 Keenan tersenyum tipis, urung membereskan buku-buku tadi. Hatinya terusik. Oma mengatakan itu seolah-olah ia tak akan pernah kembali ke rumah ini. Keenan tahu saat ini akan hadir tak terelakkan. Hanya keajaiban yang bisa membatalkannya kembali ke Indonesia. Bertahun-tahun. Keenan berharap dan berdoa keajaiban itu akan datang. Keajaiban tak datang-datang. Hanya sesekali telepon dari Mama yang memuji sketsa-sketsa yang ia kirim, tanpa ucapan tambahan yang menyiratkan kalau ia bisa terus tinggal di Amsterdam, menemani Oma yang berjuang agar tidak digusur ke panti jompo karena dianggap terlalu tua. Keajaiban yang dimiliki Keenan punya tanggal kedaluwarsa. Cukup enam tahun saja. Orangnya bertengkar hebat seminggu sebelum akhirnya memutuskan bahwa ia, anak pertama mereka, ke negeri orang dilepas. Padahal Keenan tidak merasai di negeri orang. Bukankah di kota ini mamanya dilahirkan dan menjadi pelukis, sampai akhirnya pergi ke Indonesia dan berhenti menjadi pelukis? Keenan tidak tahu persis apa yang terjadi. Bagaimana mungkin orangnya, sumber dari bakat melukis yang mengalir dalam darahnya, justru ingin memadamkan apa yang mereka wariskan? Pope khawatir Amsterdam akan menghidupkan seorang seniman dalam diri anaknya. Kenapa Papa Takut? Keenan dulu
